

## Awesome New Addition To The D&A Artist Roster..... Behave Male Artists, A Lady Is Now On Board

2017 sees the addition of the first female artist to grace the already amazing D&A Guitar Gear artist roster. Enter Diana Rein - 2016's recipient of the Lost Angeles Critics Award for Best Blues Artist, Best Female CD and Fan Favorite. Her new album - "Long Road" - had also been submitted and placed on first ballot for the 59th Annual Grammy Awards. You can read more about Diana by visiting her official artist page here on the D&A artist roster > [Diana Rein artist page](#).

We are incredibly proud to have this Blues Rock virtuoso in the D&A family of artists... notice we didn't say 'female Blues Rock virtuoso'... because if you close your eyes when she's playing, the performance is so good, all gender disappears from mind.
